

Releasing Children from Poverty in Jesus' Name

Who We Are

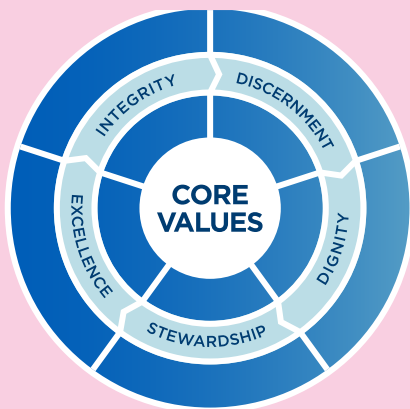

Compassion International is a Christian holistic child and youth development organization that partners with local churches and supporters to address the spiritual, physical, economic, educational, and socio-emotional needs of children.

In Kenya, Compassion started its ministry in 1980 and is registered as an NGO. We partner with over 452 local churches in 30 counties across Kenya.

Mission

Releasing Children from poverty in Jesus' name

Our Approach

Christ-Centered

Every Compassion registered child or youth has the opportunity to hear the gospel and is encouraged to develop a lifestyle of faith and commitment to God.

Church-Driven

We partner with local Churches in needy and vulnerable communities to implement our holistic child development program. We believe the Church is God's divine instrument to minister to all people.

Child- Focused

Through our holistic child and youth program, we directly engage each child and youth. Over the years, we have realized that releasing children from poverty benefits both the individual and the community.

Program Model

Survival & Early Childhood

SURVIVAL INTERVENTION

This intervention works with the most vulnerable expectant mothers and their young children while providing education and support for the mother or primary caregiver. Our goal is that these children not only survive, but thrive, and have a strong start in life.

Child Development

CHILD DEVELOPMENT

This program focuses on the most vibrant stage of child development. It seeks to provide them with a safe and loving home, church, school, and community environment for their holistic development.

Youth Development

YOUTH DEVELOPMENT

We aim at promoting youth development through discipleship and mentorship opportunities for spiritual growth, education including technical, vocational, university, talent, life skills and leadership development.

Complementary Interventions (CIV)

COMPLEMENTARY INTERVENTIONS (CIV)

These are targeted interventions that complement our holistic child development program by eliminating barriers through meeting critical needs within the environment of children and youth, equipping them for productive lives, empowering caregivers to increase household stability, and extending local church partners' ability to release children from poverty in Jesus' name.

Child Protection

CHILD PROTECTION

At the core of Compassion's ministry to children and youth is child protection. Compassion is committed to promoting the safety and wellbeing of all children and we believe that children should be known, loved and protected. Being a Christian organization, we are profoundly aware that protection of children is also central to God's heart.
